**HOOVER TO MANAGE  
ARSENIC INDUSTRY**

President's Proclamation Seeks to  
Prevent Insect Ravages.

To protect the country from insect  
ravages and a threatened grasshopper  
plague next spring, the arsenic in-  
dustry of the nation, by proclamation  
of the President, has been placed  
under the direction of the United States  
Food Administration.

The cessation of imports of arsenic  
makes it imperative to conserve the  
stock in this country for essential use,  
mainly agricultural, but also for  
other governmental purposes.

It is believed, also, that govern-  
ment supervision will stabilize the  
arsenic industry, which has been sub-  
jected to widely fluctuating demands  
and prices.

**CAMP MEADE TROOPS  
ENJOY BEST HEALTH**

Lead All Others at Cantonments in  
This Respect.

The War Department yesterday  
afternoon made public a detailed  
report on the health of National Guard  
and national army forces encamped  
in this country.

It shows an unusually low percent-  
age of deaths—36 for the week end-  
ing November 17, the period covered  
by the report. This was in compar-  
ison to 55 deaths the previous week.  
Most of the fatalities were due to  
pneumonia. Three deaths were due  
to influenza.

The principal illness was in divi-  
sions composed of Southern troops.  
The high sick rates in these camps  
were due to measles and the com-  
plications which attend that disease.  
The greatest number of measles  
cases was recorded at Camp Wheeler,  
Macon, Ga., a National Guard en-  
campment, with 975 cases. This camp  
also had the greatest number of  
deaths and the highest death rate  
for pneumonia reported during the week.  
There were sixteen deaths, of which  
12 were caused by pneumonia.

The highest percentage of sick from  
all causes for the week was at Camp  
Travis, Fort Sam Houston, Tex.,  
which registered 87.9 per thousand.  
The lowest was at Camp Meade, Ad-  
miral, Md., with 9.1 per cent.

**FIVE PREFER WAR TO JAIL.**  
Chicago, Nov. 23.—Five prisoners  
serving sentences in the city house  
of correction for misdemeanors were  
arrested before Judge Steink in the  
Court of Domestic Relations and of-  
fered the choice of completing their  
terms in prison or enlisting in the  
army. The five, without hesitation,  
chose army service and were at once  
taken to a recruiting station for ex-  
amination.

**HUNS HAVE "SUFF" PROBLEM.**  
Amsterdam, Nov. 23.—A dispatch  
from Berlin says Emperor William  
has approved bills for Prussian sur-  
frage reform and for changes in the  
composition of the upper House of  
Parliament. The dispatch adds that  
the bills soon will be introduced in  
the Diet.
